

Justine Vo is honoured to have been a nominated finalist for 2010 Professional and Service Provider of the Year

at the 16th Oakville Awards for Business Excellence Event on March 2, 2011.

Some reasons why Justine's clients recommend her:

- Justine Vo is more than a gifted osteopath and acupuncturist which in itself is a rare combination. She is a natural healer, and has a talent, a gift that is rarely found, let alone in combination with two other powerful healing disciplines. How do I know? I am family Medical Doctor with 40 + years of wide experience around the world. I have practiced acupuncture very successfully myself, studied with great masters and been involved in rehabilitation medicine with WSIB and other rehab centres for most of my life. I have personally experienced, and therefore know the healing power she has in her fingertips. I recognise her unique talent as a powerful healer. Oakville is fortunate indeed to have her in its midst.
Geoffrey M Theobald, MD.
- Justine devotes herself to caring for all her patients in a professional and knowledgeable manner. Her greatest delight is seeing them improve as quickly as possible. She is honest and caring and totally dedicated to her profession. Justine gives her heart and soul into caring for her patients. She provides a unique health service, with amazing results. Where others have failed, she meets with success.
R. Howard
- Justine compassionately incorporates different healing modalities energetically and creatively. I find it totally worthwhile to travel from Toronto for appointments. Her assessment skills and treatments are truly amazing. Her care has made many dynamic changes in my health status physically and emotionally. She is a trustworthy, competent and effective Healer.
Chana Sarah Rothman, RN.
- I would like to nominate Justine Vo from CHR Health Centre for the Oakville Award for Business Excellence Professional and Service Provider of the Year because of her extraordinary service and care-giving in a professional setting. Justine is a rare individual who really gets to know and care for her clients. Her energy and knowledge are contagious. *E. Poad*
- Justine and her health services have become an important part of my life! She uses established practices in a new way, seeking to fit her excellent skills to the individual problem. It is evident that she is constantly upgrading her skills and knowledge base. I know that she has been able to accomplish things in the care of my health that others have missed. I enjoy the tranquility of her clinic. It is beautifully designed to give maximum total effect in the health setting. Justine's integrity and dedication make her a worthy candidate for Oakville Award for Business Excellence. *A. Madras*
- I suffered a fracture in my left hand that would have meant that my pinky would have been twisted in a way that would have greatly hindered my fretting hand. Fortunately, I found Justine Vo. Using a combination of acupuncture and osteopathy she managed to not only heal my hand unbelievably quick, but also got the finger back to its' proper position. When I returned to the surgeon for an x-ray he was shocked that the hand healed so quickly and that the finger was in its proper position. I am forever indebted to Justine for saving my career. *Johannes Linstead*
- Justine is a miracle worker who provides extraordinary service, dedicated to her patient's needs. Justine will make every effort to see her patients when it's necessary, she often gives up her own personal time to make sure her patients are cared for. She is always friendly with a youthful disposition. She is a ray of sunshine. *E. Arruda*
- I live in Maple and it's definitely worth the long drive for the treatment I receive. I have several health issues and have tried so many different therapies over the years and have found Justine to be the most help. Not only is she very helpful and knowledgeable in her field but is exceptionally caring with her clients and genuinely wants to see them return to health. I feel Justine would be very deserving of this award. I recommend her to everyone I know who needs her help. *P. Stoll*
